

Pasta Dinner Success was accomplished by using the Three T Principle.

Time was given by our many volunteers at various duty stations.

Talent of all those fine arts and crafts personnel for putting together the good looking raffle baskets.

Treasure came in a number of forms. Those who were sponsors to honor or remember someone. Those who donated to the cause to help defray expenses. Most important was the treasure of all the eaters willing to once again buy a meal in order to savor the delicious cuisine prepared for them.

On the other side of this thank you is the financial report for the dinner. You will be able to see how your hard work of one, two or all three T's paid off.

As Always thank you for your support and we'll hopefully SEE you next year on Feb. 18, 2023.

Co-Chairs,

Marti J. Damm
Frank Schneider
